Foreword

Tourism sector has very significant role in promoting overall development of Nepal. Realizing its role, the Government of Nepal, Ministry of Culture, Tourism and Civil Aviation (MoCTCA) has been focusing to promote tourism sector in order to increase the contribution of tourism in economic development. As a result, MoCTCA has been conducting various promotional activities to promote internal and international tourism with association of its stakeholders. Most importantly, the Ministry has been seriously paying attention in developing new tourist destinations, expanding Nepalese tourism in international tourism Market, ensuring safety and security of tourists, and creating tourism friendly policy environment. To achieve these desired targets of tourism development, information on tourism is very important as it supports to formulate need based policies and programmes to promote tourism sector.

Like previous year, The Ministry has also prepared **Nepal Tourism Statistics, 2016** as an annual publication with the aim of publicizing the information related to tourism. This report is compilation of secondary data received from different organizations working in tourism sectors in Nepal. Mainly, this report includes the data from Department of Tourism, Department of Immigration, Department of Wild Life Conservation, Nepal Rastra Bank, and Nepal Mountaineering Association.

This statistics report categorically includes the information on arrivals of tourists, purpose of their visit, length of stay, trekking and expedition, pilgrimage and tourist movement within the country. Additionally, this report also incorporates the information on tourism and its contribution in revenue as well as tourism education. Thus, the information included in this report will be applicable to all those who are involving in tourism sector as well as who have keen interest to study the development of tourism sector in Nepal. I believed that, this report also helps to generate further ideas on Tourism Information Management System (TIMS) in Nepal.

I would like to thank all the officers of the Ministry who have been involved in bringing this publication. I also express my sincere gratitude to all the Government and Non-Government organization for providing information on tourism. The Ministry has always welcomes positive comments and feedback for improving this publication in the future.

Thank you.

May 2017

Shankar Prasad Adhikari
Secretary

PART II

TOURIST ARRIVALS

Nepal Tourism Policy 2009 identifies tourism sector as an important vehicle for economic and social development. Following directions set by the policy effort has been put for development and expansion of tourism activities, quality improvement of tourism services, increasing revenue and expansion of employment opportunities to improve the living standard of Nepalese people. Vision 2020 of tourism envisions increasing tourist arrival to two million and tourism related employment to one million.

Trend of tourist arrival was in increased order up to 2012 which declined thereafter. Year 2016 seems remarkable improvement in tourist arrivals. Tourist arrivals increased by 40 percent compared to 2015.

Out of total tourist arrivals, excluding Indian citizens arrived through land transportations; five countries occupy more than 50 percent. The proportion of tourists from these countries are; India (16%), China (14%), Sri Lanka (8%), USA (7%), and United Kingdom (6%). Higher number of arrival is observed in October following general trend but sharply declined in June contradicting to the past. By sex male (53%) and by age category 31-45 (30%) are following past trend of higher share.

PART IV

PURPOSE OF VISIT

Number of tourist by purpose of visit is a major indicator for tourism sector output. This indicator is very useful for evaluation of characteristics, type and economic and social contributions made by tourists and to plan and manage infrastructure, services and market economy accordingly. It also shows inflow of high value tourist. Historical data shows more than 50 percent of the tourist arrived with purpose of holiday celebration and pleasure. Though, few number of years have shown this group reduced. Year 2016 shows higher proportion (65 %) visited nepal for holiday and pleasure followed by pilgrimage (11%), adventure (9%), business(3%), official purpose (3%), and conference/meeting (2%).

CHART 4.1: PURPOSE OF VISIT 2016

PART V

TREKKING AND EXPEDITION

Nepalese mountaineering is renowned for adventure tourism due to its prominent peaks. Government has taken the policy to make it special destination by managing mountaineering sector in environment friendly manner. Trend shows increasing mountaineers and revenue generation.

The number of expedition permitted teams has reached to 380 while 3354 in persons. Out of them 1225 succeeded summit to various peaks composed by 692 foreign and 533 Nepalese. The amount of royalty received has reduced in 2016 compared to 2015. The main reason observed behind is less number of visitors to high royalty peaks than others. Mount Everest contributes almost 70 percent of the total royalty received. The highest number of climbers comes from USA, Germany and United Kingdom respectively.

PART VI

PILGRIMAGE

Nepal is famous destination for pilgrimage due to its prominent, glorious and prideful historical and sacred places. Lumbini, being birth place of Lord Buddha and Pashupatinath, a centre of faith for Hinduism is major among many important places. Government is committed to develop all major pilgrimages to enhance their attraction and provide opportunities for visitor's easy access. Lumbini is found as most visited pilgrimage by foreigners. It was visited by 1285680 persons out of them 79% were Nepalese while 10% Indians and 11% from other countries occupied the share.

CHART 6.1 VISITORS DISTRIBUTION OF LUMBINI BY BROAD COUNTRY ORIGIN, 2016

PART VII

INCOME GENERATION

Revenue from tourism sector is observed from foreign currency exchange made by tourists and tourism industries as proxy of income. All domestic contribution is not captured.

Nepal Rastra Bank report shows total foreign currency exchange (less return) for 2016 stood at Nrs. 55,453,417,812 (Around 518,498 thousand US\$). This is slightly higher than previous year 2015 estimated by month breakdown. This increase in currency income due to increase in tourist arrival brings per tourist per day expenditure at 53 USD.

PART VIII

FLIGHT AND PASSENGER MOVEMENT

Civil Aviation sector has important role in tourism. To meet the target of tourist arrival, number of flights has to be increased remarkably due to its weak road connectivity to the rest of the world. Similarly international and domestic airports and other infrastructure have to be upgraded. GoN has identified these issues and keeping effort for development in civil aviation sector.

Out of 56 airports in Nepal 32 airports are in operations. Twenty six airports run in all seasons. Six airports are under construction and 18 are as non-function.

Twenty six international airlines carried 3510742 passenger out of which 1823598 were outbound and 1687144 in-bound and carried 20349 tons of cargo in and out through 27118 numbers of flights. The number of countries having civil aviation contract reached to 38. There are 19 airlines for domestic movement.

PART IX

TOURISM INDUSTRY

Tourism sector of Nepal is managed with partnership of Government, private sector, households, professionals and NGOs. Tourism industries play pivotal roles in tourist service, service management, increasing revenue.

There are 38242 beds provided by all hotels registered in Nepal including 120 star levels. Travel agency, tour guide, tour operators, rafting agencies, trekking agencies and guides all are in increasing number of trend. All the human resources are trained in either NATHM or other institutions.
